SUIT SARTORIA

MEN'S WEAR

ABOUT US

Suit Sartoria started its activities in Istanbul Mercan in 1989 as a ready-made clothing wholesaler. Our company, which our founder Cem Deniz laid its foundations in Istanbul Merter in 2010 by concentrating entirely on men's wear, started to show itself in the sector in a short time, especially with its modern designs and stylish combinations in the first years of its operation.

In the following years, it continued to develop its product range continuously, especially with the experience it gained together with its business partners abroad.

Suit Sartoria, with its different designs and colors, offers its products to consumers in more than 20 countries as of today, especially for men to feel privileged at special events & organizations, in their business life and even in their daily lives.

Suit Sartoria's brand journey, which started at home in 2010, continues to grow by renewing itself day by day in foreign countries and new markets.
